## Communication Skills Seminar for Couples

© 2010, Next Element Consulting, LLC

When I completed my graduate work, I began conducting marital and couples counseling. Generally cases would last 12 to 18 months, with mixed results. However, after I was trained by Taibi Kahler in the Process Communication Model (PCM), I began using the PCM with couples. I saw a dramatic change in both the length of sessions and the positive outcomes. With each person receiving a personal PCM profile, what used to take 12 to 18 months only took 5 to 6 sessions.

Join us for the Relate to Your Mate seminar on April 17 and you will learn everything those couples learned in those 5 to 6 counseling sessions. This seminar will improve your relationship with each other, and many others in your life!

Are you a therapist or counselor who would like to use PCM in your work? Inquire about the Process Therapy Model seminar for practitioners.
