

# THE COMPASSION EFFECT

A keynote by Dr. Nate Regier

Compassion is what makes us human, keeps us connected and gets us back on track when we lose our way.

Leaders want to make a difference and are often drained by people problems. We know how hard it is to consistently engage positively at work, and we've helped hundreds of businesses around the world do just that. What's the secret?

“When you change the way you look at things, the things you look at change.”

Albert Einstein

## Compassion.

The Compassion Effect keynote will inspire your audience and give them hope for higher levels of connection, innovation and engagement. Brought to you by the people who pioneered Compassionate Accountability,<sup>®</sup> The Compassion Effect will transform how you see yourself and others and give you immediate action steps to engage differently for breakthrough results.

## Key Takeaways

- Experience how compassion replaces adversarial approaches with shared responsibility and collaboration
- Learn how to activate a mindset that changes how you look at yourself and others
- Apply the Three Compassion Skills that will transform every interaction
